

MS AGARWAL GROUP

OUR JOURNEY

Cherish Every Day - We have adapted JOURNEY as our Destination.

Our honourable Founder **Late Shri Maneklal Agarwal Ji** (Born 15 November 1936) – a Business Magnate hails from Jhunjhunu District in Baragaon, Rajasthan. He was the Eldest Son of **Late Seth Shri Gulab Rai Ji & Smt. Gomti Devi Ji**. He completed his graduation in 1957 and was an alumnus of renowned educational Institutions like Badruka College & Nizam College Hyderabad (1957).

Seth Gulab Rai Ji was also a name to reckon with the textile Industry. He engraved his vision in the year 1973 as he was the only one who brought the knitting concept from Japan & was very much focused on trading and manufacturing. A persona passionately involved in the stream of business and technology had ventured into

the foray of the steel Industry (Rolling Mill) at Azamabad in 1961. This was later handed over due to the diversification of business within his family in the year 1967. Having come from a business-oriented family background – Our honorable Founder (**Shri Maneklal Agarwal Ji**) started a rampage in getting into the diversified business arena - from Hire & Purchase of Vehicles, Steel & Textile, Power loom textile, etc (1983).

Seth Shri Maneklal Ji's agile manifesto towards technological advantage later emanated into the launching of air Weaving Technology in the year 1985. This massive plant was established at Nacharam, Hyderabad which in turn led to the establishment of a group of companies as **Agarwal Foundries in 1990, Rama Spinners in 1993, and M S Agarwal Foundries in 2005 and Sitaram Spinners Pvt Ltd in 2007.**

MS Agarwal Foundries & their emerging developments were instrumental in materializing the vision into the mission, exploring different horizons like steel, spinning, and textile industries. With the commitment of our founder, we are one of the market leaders

in the steel segment across India.

Inspired by his Father **Seth Shri Gulab Rai Ji**, he opted for huge diversity in the area of business at the same time following the footsteps of his parents he has ensured to dedicate his time to family as well – he set his priorities very clear and maintained a balance between work and family life.
